Jenny Montresor announces her candidacy for School Committee at Large

Jenny Montresor.

I would love to help create accessible scholarship funding for every child in our schools, while expanding resources for art programs and creating more hands-on learning opportunities. As your School Committee representative, I would advocate for more engagement and collaboration between educators, parents, local businesses and of course our children, because at the end of the day, all of this is for them.

Please visit my facebook page @jennyforeverett or my instagram @jenny 02149 for more information.

You can vote up to 3 school committees at large on Tuesday September 21st, I will be honored to receive 1 of your votes, and I promise you that I will do everything in my power to fulfill my obligations, and to bring new ideas to the school committee body.

Thank you so much for your time, lots of love and please be well."

political career, I decided to run because I really care for the children, and with my background as an immigrant, parent, teacher, counselor, and business owner, I believe that I have a lot to offer to the school committee.

We need to make sure that every child in our schools has the same opportunity and encouragement to pursue their talents and interests.

Jenny Montresor announced her intentions to run for School Committee at Large. The following is her statement:

"My name is Jenny Montresor and I am running for School Committee at Large.

I am an immigrant from Brazil. I have lived in the U.S. for 29 years, 17 of those years here in Everett. I have a background in Early Childhood Education, I was a teacher for 8 years, and worked as a Housing Advocate assisting families transitioning from shelter to permanent housing. I also have a background in Business Management, and currently I own a moving company with my husband. We have been in operation here in Everett for the last 16 years. I am a 2 time ovarian cancer survivor, and thankfully I am currently in remission.

TEAM CAPONE DONATES TO AID RELIEF TO HAITI

Councilor Fred Capone and his campaign team donated dozens of shoes to aid the relief effort coordinated by the Everett Haitian Community Center. Fred is shown with Rev. Myrlande DesRosiers of the Center.

TEAM CAPONE CELEBRATES VOLUNTEER APPRECIATION AND MAKES DONATIONS!

In addition to door knocking, sign holding and phone banking over the past week, Team Capone hosted a number of activities to show appreciation to all its volunteers. There was an ice cream truck event, a card making activity, and a floral arrangement activity. Accompanying every activity was lots of good food! Fred stated, "Michele and I are overwhelmed by the dedication of our volunteers and supporters. We are all working together for a very serious, common purpose and having fun in the process. Some of the creations from our activities, such as the floral arrangements, are being donated. It's just another way Team-Capone is giving back to the community." Shown in the photographs are a group shot of volunteers holding signs; Fred serving ice cream and flower donation.

DeMaria to host Hale Park and Central Ave Park community meeting

Mayor Carlo DeMaria is pleased to announce that he will be hosting a community meeting at Hale Park on Glendale Street on Tuesday, September 14, at 6pm to discuss the renovations of Hale Park and Central Ave Park.

"After hearing concerns

from neighbors, I thought it was best to organize a meeting to gather feedback regarding Hale Park and Central Ave Park," said Mayor DeMaria. "It was unfortunate that the rain forced us to postpone this meeting. Our parks and recreational spaces are an

important part of our City and I look forward to meeting with the residents of this community to learn more about their thoughts."

Over the past few weeks, residents have expressed their unhappiness with both Hale Park and Central Ave Park. The meeting

was originally scheduled for Wednesday, September 1st, however, due to the rain, the decision was made to postpone. Mayor DeMaria and the Administration want to hear the community's feedback to make improvements to the current conditions.

service," said the mayor. "This needs to be done right."

Ward 5 School Committee member Marcony Almeida Barros then asked the opinion of School Committee lawyer Bob Galvin on the legality of the new supplemental RFB.

"The document is basically fine and should be edited slightly using standard language such as, 'Reject any and all bids'," Galvin said.

School Committee member Cynthia Sarnie put forth the motion to postpone the vote and have all parties — Galvin, the City Solicitor, and the Chief Procurement Officer -- meet before the next meeting and amend the document as necessary before the committee votes on it.

The motion to postpone was approved.

In other matters before the committee, Superintendent of Schools Priya Tahiliani said that the school system has come a long way since the start of the pandemic in March, 2020. Tahiliani told the committee that hundreds of students attended the School Bash on Monday and the event to welcome back the teachers went well.

Tahiliani also informed committee members that the rules issued by the Mass. Department of Elementary and Secondary Education (DESE) will be followed. This includes the mandatory order of wearing a face mask for all students in K-12, unless there is a health or physical reason for not wearing a mask. The mask restrictions could be eased if the student body in the 12-15 and 16-19 age groups reaches 80% vaccination. It was noted that both of these groups are well ahead of the state average, with 60% of the 12-15 year-olds

and 74% of the 16-19 having been vaccinated.

Tahiliani added that the schools will not be implementing the physical distance requirement. The superintendent also said that DESE guidelines allow for asymptomatic students to remain in school as long as they take the rapid antigen test.

The committee learned that an additional 485 students have enrolled in the Everett public schools compared to last year, with the pre-K through grade 4 cohort picking up 303 students.

Lastly in her report, Tahiliani noted that there will be free after-school programming for K-8 students until October 1. The hours of operation will be 2:45 to 6:00 p.m. After October 1, the regular after-school school programs will get underway.

The committee approved a new change in

the Head Injury/Concussion Policy. The change involved clearance needed for athletes to return. Previously, an emergency room physician or other urgent care personnel could clear a student to play, but now the clearance must come from the student's own physician.

The committee adjourned into Executive Session to discuss strategy with respect to litigation. The Mass. Open Meeting Law states that if an open meeting may have a detrimental effect on the litigating position of the public body and the chair so declares, then the full committee may go into Executive Session pursuant to Mass. G.L. c. 30A, section 21 (a)(3).

In this case, the basis for the move into executive session concerned a grievance filed by the Everett Teachers Assoc.

RESTORE HAPPY HOURS? ARE THEY CRAZY?

There seems to be a move afoot to place a ballot question for the November, 2022, state election that would allow for the return of so-called Happy Hours (a/k/a, drink as much as you can, as fast as you can) to Massachusetts.

Happy Hours have been illegal in this state since 1984, after a young woman was killed in a Happy Hour-related drunk-driving accident. George R. McCarthy, the former mayor of Everett who back then was the chairman of the Massachusetts Alcoholic Beverage Control Commission, which sponsored the ban, said, “I’ve heard all the horror stories I’m going to listen to,” referring to the many fatal accidents at the time in which drivers and pedestrians tragically were killed as a result of excessive drinking at Happy Hours.

Those in support of restoring Happy Hours make two arguments. First, they say it will increase business for bars and restaurants, which need all the support they can get amidst a pandemic, and second, they point to the use of Uber and Lyft that will reduce drunk-driving incidents.

Neither argument is backed-up by any data and both lack common-sense.

We would like to make a number of points in response:

1) The majority of bar owners/restaurateurs reportedly are not in favor of restoring Happy Hours, which probably is why the Mass. Restaurant Assoc. has yet to take a position on the matter. Sales of alcoholic beverages are the main source of profit for most establishments -- so why would they want to discount them? Admittedly, there probably would be a few bars that would do so in an effort to increase business, but that only would create a race to the bottom, so to speak -- all establishments would feel the need to compete with the place down the street that is offering “all-you-can-drink for \$5.00” or \$1.00 pitchers of beer (which were typical of Happy Hours back in the 1980s). We are not aware of any study that shows how much, if at all, Happy Hours might add to an establishment’s bottom line.

Moreover, we can’t imagine that for any reputable establishment, the increase in business would outweigh the headaches of having to deal with the increase of inebriates on their premises, with the need to greatly-enhance their self-policing, and with absorbing higher insurance liability premiums.

But even if there might be some small financial benefit for some establishments, is it worth the cost to society for the inevitable increase in drunk driving, assaults, and other accidents that unquestionably will flow from a policy that encourages patrons to drink heavily and irresponsibly?

2) While it may be true that many people plan ahead to use Uber and Lyft -- typically for special occasions -- that does not mean that folks who decide to hit the Happy Hour at a nearby bar after work will do so on a regular basis.

The use of Uber and Lyft has not led to a decrease in drunk-driving deaths. In 1984, there were 411 drunk-driving fatalities in Mass., constituting about 62% of the total of all fatal auto crashes.

But by 2009 -- before Uber and Lyft were around -- drunk-driving fatalities in Mass. had plummeted precipitously to 130 and accounted for just 39% of all traffic-related deaths. The numbers have remained about the same both in Mass. (and nationally) for the past 12 years -- even with Uber and Lyft available. Our strict drunk-driving laws, including the ban on Happy Hours -- not the ride-sharing services -- are responsible for the sharp decline in drunk-driving deaths in Mass. over the past 37 years.

3) Proponents of lifting the ban point out that other states -- primarily in the South and West -- allow for Happy Hours. But what they don’t say is that the states with the 10 highest-rates of drunk driving fatalities per capita are -- take a wild guess! -- Montana, Wyoming, So. Carolina, Mississippi, New Mexico, South Dakota, Alabama, Texas, Louisiana, and Arkansas.

Massachusetts ranks 4th LEAST in drunk-driving deaths per capita and by a wide margin. So why would we want to emulate those states -- don’t we want to continue to be safer (and smarter)?

4) Finally, beyond the issue of drunk-driving, we know so much more about the damage that alcohol wreaks both individually (to every organ in our bodies) and collectively (to our families and society), than we did in 1984. Alcohol has been labeled a Class 1 carcinogen and plays a huge role in domestic abuse, non-auto accidents, date rape, and other assaults (i.e., the proverbial bar-room brawls). Happy Hours encourage binge-drinking, which will exacerbate every one of these issues. Human nature and the devastating effects of alcohol abuse are the same today as they were in 1984.

To those young people for whom reinstating Happy Hours is a driving (no pun intended) force in their lives, we simply would say this: Please wait until you grow up. You’ll realize there is a lot more to life than getting hammered at a Happy Hour every week and endangering the safety of yourself and others.

Addressing our neglected business partners

By Fred Capone

Thriving local business is a vital part of a vibrant community. A city must support its business community, especially small businesses, to help them succeed. Successful local merchants provide services, jobs, and internship opportunities for our residents. Local goods and services reduce the need to travel outside the city and the reliance upon automobiles. Successful businesses draw customers from outside Everett to spend their money in Everett, are better able to meet their tax obligations to the city and generate more revenue to address

our city’s needs. Many don’t realize that commercial tax rates are well over 2x the residential rate.

Successful businesses are even better neighbors and have more incentive to give back to the community. All 3 mayoral candidates operate businesses; however, I am the only candidate that operates my business in Everett. Michele and I donate extensively within our community to charitable organizations, food pantries, sports programs, tutoring programs, clothing drives and have provided annual academic/vocational scholarships for the past 23 years. However, our business community

has been neglected for too long.

As mayor, I would assist local merchants to succeed, and invest in our community just like my business. There would be a local business liaison in City Hall to partner with the Chamber of Commerce and business owners to assist with skill development, workshops on finding grant programs, and volunteer opportunities. Peer networks would be developed to help businesses assist other businesses. We will develop internship opportunities both in the private and public sectors. Every new business will receive a packet with important

information, key city hall phone numbers and points of contact that will ease the transition from establishment to commercial activity. We will encourage positive business growth and will make real progress toward revitalizing all our Squares that has been discussed for over 30 years.

As your Mayor, the business community will have an ally to help them succeed and provide jobs and services for our residents. For other areas of concern or ideas, please visit my webpage at www.fredcaponeforeverett.com.

Seniors remain a top priority in Everett

free and easily accessible Covid testing and vaccination.

The City of Everett partners with SCM Transportation (Door to Door) Service to provide transportation to and from medical appointments for our seniors, Monday – Friday. We also work with Mystic Valley Elder Services to facilitate senior transportation, which offers transport to shopping areas and other essentials.

During Covid, we were committed to making sure our seniors had nutritious food to eat, and we worked tirelessly along with our volunteers to deliver more than 500 meals a day to our senior population, as well as grocery deliveries as needed. We continue to provide support to our homebound seniors, and our food pantry has special senior shopping hours to accommodate their needs.

Prior to Covid, an international fair for seniors where they could come together to share their cultural traditions and learn about others was in the works, and we hope this idea will come to fruition in the coming months, as we know how much our diverse senior population loves to talk about their heritage and share stories.

The Connolly Center will be undergoing a transformation and will become an arts and cultural hub here in Everett, with the addition of a movie theater and lecture hall among other things. This expanded facility will provide great opportunities for seniors.

On a final note, we continue to prioritize affordable housing for seniors here in Everett, ensuring they can stay in their current homes as long as they desire, and offering options to age in safe, quality

homes with easy access to health care and wellness services if they choose to move.

Our St. Therese housing project is a prime example of this, as it will provide 77 affordable rental homes for seniors aged 62 and older, with a new health center on the ground floor to serve building residents and members of the broader community. The health center will operate a PACE program, which provides comprehensive care and support for seniors, including preventive care, specialist visits, prescription drug coverage, and health and wellness programs. We can’t wait for this development to be completed and to our seniors continue to thrive and enjoy their Golden Years here in Everett.

What life seems to be

dies and heartache that he has experienced assume that his life is great and free from pain. I know he would trade everything he has to have his children back with him. He continues to get up in the morning. He is still involved in his business, cares for his wife and cherishes his one remaining daughter. However, life is not as it may seem to some.

Another dear friend has prospered with a large family and a successful business. His life looks good until you get to know him better. One of his sons committed suicide in front of him a couple of years ago. Another son recently died in an accident. Within weeks of his son’s accident, a grandson was killed in a car wreck. His pain is great. He goes through the motions day by day trusting God with his life and remaining children. It is difficult to understand why his family has suffered so much in recent days. Tears flow when he begins to talk about what his family has suffered.

Life is not so easy to figure out. We think we have the answers and then later in life realize we don’t know much at all. We thought we had life all figured out when we were

very young but throughout the years life throws things at us that we can’t possibly see coming.

Today, let’s all consider others. Be kind to our neighbors, acquaintances and people we meet along the way. A lot of people are hurting from disease, death, unemployment, life’s tragedies and more. Don’t judge people by their appearances or their mistakes. Life is not only filled with good, but often pain that most

never see.

What life seems to be and what life actually is are rarely the same.

96th Annual Italian Feast of Saints Cosmas and Damian this weekend

The 96th Annual Italian Feast of Saints Cosmas and Damian will be a great celebration of tradition, cultural pride and fun for the whole family this weekend (September 11 and 12) on Warren and Porter Streets in East Cambridge. The amazing entertainment lineup includes national recording artists that have become legends in the music industry.

This year’s Feast headliners are music icons Russell Thompkins, Jr. and The Stylistics and Jay Siegel and the Tokens. The fun begins on Saturday night with the Stylistics singing their hits, including “Betcha By Golly, Wow” and “You Make Me Feel Brand New”. Sunday’s main act will be the famous Jay Siegel and The Tokens. They will be entertaining the crowd with their mega #1 hit “The Lion Sleeps Tonight” as well as many of their other hits such as “Tonight I Fell In Love” and “Portrait of My Love”. This year’s entertainment schedule also includes performances by local favorites such as The World Premier Band, Smokin’Joe and the Henchmen, SeaBreeze with Stephen Savio, and Italian crooner Gian Faralone.

As always, there will be a food festival, parades, amusement rides, “Monsters, Inc.” and “Star Wars” movie characters, carnival games, street performers, and live entertainment throughout the weekend. On Saturday night at 6:30pm the Saints will be brought out for the first time for a short procession through the neighborhood. At 7:00pm that same night there will also be a special feast blessing and remembrance for those who perished on 9/11.

The Feast has food options for every taste as a “food festival” will be created on Warren Street. Come and try traditional feast fare such as sausages and peppers, zeppoles, steak tips, chicken parmesan, meatballs, eggplant, stove oven pizza, raviolis, calzones, lasagna, arancini, gnocchi, tiramisu, mozzarella sticks, chicken fingers, french fries, cotton candy, fried dough, kettle popcorn, slush, steak & cheese, and everyone’s favorite – fried oreo cookies!

There will also be an Outdoor Feast Mass celebrated by Bishop Peter Uglietto on the Warren Street Stage at 10:30am on Sunday. At 1:00pm that same day, a feast highlight, the grand procession winds its way through the streets of East Cambridge and East Somerville with marching bands, floats, trolleys and the Saints. The parade will arrive back on Warren Street at 7:00pm for a large celebration and shower of confetti – don’t miss it! There will also be radio stations and family activities throughout this fun filled weekend, as well as Covid-19 vaccines by Cambridge Health Alliance. This is a great event for all ages. Play a game, watch a parade, try some great food, listen to music, go on a ride and have a great time! Feast hours are Saturday 1:00pm to 11:00pm, and Sunday 1:00pm to 10:00pm.

EHS SPORTS GET UNDERWAY THIS WEEK

The highly-anticipated 2021 fall sports season, in which Crimson Tide student-athletes, coaches, parents, and fans are hoping for a return to normalcy after the pandemic wiped out the 2020 fall season, is set to get underway this week.

The EHS boys and girls soccer teams kicked off their 2021 campaigns yesterday (Tuesday) against Greater Boston League rival Revere.

Coach Pedro Blas’s Crimson Tide boys will be led by senior captain Luan Cruz.

“We played Lynn Tech twice for pre-season games,” said Blas. “We won the first 2-1 and lost the second 2-4. I mixed things around in both games, so it wasn’t a solid base. Hopefully we’ll be ready for our season-opener.”

Blas and his crew will play at Medford tomorrow (Thursday) and then will make the short ride to East Boston for a non-league encounter with the Jets on Saturday.

The EHS girls soccer team, un-

der the direction of first-year head coach Sheryl Steeves, also opened its 2021 campaign yesterday (Tuesday) against Revere. Steeves and her crew will entertain Medford tomorrow (Thursday) and will host Malden next Tuesday.

“We had a scrimmage against Dracut last week that we didn’t do so well in,” noted Steeves. “We have a few girls recovering from minor injuries. We are looking to do better in our season-opener against Revere.”

FOSTER MA IN THE CITY OF EVERETT

Mayor Carlo DeMaria is pleased to announce that the City of Everett in partnership with the Department of Children and Family Services (DCF) is promoting Foster MA, a program that encourages people to become foster parents.

"Fostering a child in need can make all the difference in the world to them," said Mayor DeMaria. "I am proud to support the DCF in their efforts to spread this powerful message. I hope that members of the Everett community will consider becoming a foster parent and change the life of a child in need."

There are children of all ages and backgrounds from across the Commonwealth who need someone to provide a safe and nurturing home until they can return to their families. Time spent in a stable and secure environment gives a child a chance to heal and grow.

Foster parents don't have to be a certain kind of person or family. Successful foster parents have different backgrounds and represent all kinds of families. Regardless of marital status or homeownership status, adults living in Massachusetts may eligible to foster a child.

For more information and to learn how to become a foster parent, please contact DCF by phone, 1-800-KIDS-508, or online, www.mass.gov/dcf.
